## End-of-Sale Announcement for the Aruba AP-65 Access Point

Aruba Networks is announcing end-of-sale for the following product (and associated accessories):

Aruba Part Number	Description
AP-65	Aruba AP-65 wireless access point

The above product can be replaced with the following product, which is functionally equivalent.

Aruba Part Number	Description
AP-105	Aruba AP-105 wireless access point

The Aruba AP-105 product represents a superset from a functional, performance and interface perspective and should be considered a direct replacement for the AP-65.

We currently expect to be accepting final orders through May 31, 2011, however this final date will depend on the continued availability of stock and, at Aruba's discretion, the actual end of sale date may be earlier than May 31, 2011. End of support for the products is May 31, 2016. We strongly encourage you to transition all backlog and new business to the Aruba AP-105 as the recommended solution.
