

End-of-Sale Announcement for Legacy (non-802.11n capable) MSR1000 models

Aruba, a Hewlett Packard Enterprise company is announcing end-of-sale for the following legacy (non-802.11n capable) MSR1000 Wireless Mesh Router products:

Aruba Part Number	Description
MSR1K2SS	MSR1000, 802.11a/b/g dual radio 100mW

The product below is the recommended replacement products for the equivalent one above. The suggested device should functionally replace the original device, however this is offered as reference information only. Aruba offers no guarantee that the suggested replacement device will have exactly the same form, function or specification as the phased-out device.

Aruba Part Number	Description
MSR1K2SN0	MSR1200, 2x2 dual radio 200mW

We currently expect to be accepting final orders through October 31, 2010, however this final date will depend on the continued availability of stock and, at Aruba's discretion, the actual end of sale date may be earlier. End of support for the product is October 31, 2011. We strongly encourage you to transition all backlog and new business to the equivalent replacement products as the recommended solution.
