

Product Announcement

End-of-Sale of Aruba SKUs for Central Managed items

End-of-Sale Milestones

- End-of-Sale Announcement: Aug 31, 2021
- End-of-Sale Date: Dec 31, 2021
- End-of-Support Date: n/a

For questions regarding this end-of-sale announcement, contact your Aruba Sales team.

The following SKU #s were part of an Americas-region Pilot program to assist with the onboarding of certain products into Aruba Central. These select SKUs were used to trigger a sales order to be special handled – and that Pilot Program has come to an end.

There will be a different method to handle the Central onboarding and is not part of the scope of this announcement.

Aruba, a Hewlett Packard Enterprise company is announcing the end-of-sale of the following products: This is a list of 138 SKU #s that will be removed from Price Lists and Channel Product Viewer at the aforementioned date. None of the SKU# were stocked at distribution partners – this announcement does not affect the ongoing availability of the base product that may still be available for sale.

The substitute products to purchase in place of the SKU being end-of-sale;

Use the SKU without the suffix “CM”

e.g. JW813ACM = now order JW813A Aruba CM IAP-315 (US) Instant AP

J9772ACM ABA = now order J9772A ABA Aruba 2530 48G PoE+ Switch US en power cord

NOTE: some of the original products have already been End of Sale prior to this announcement or the effective date as noted in the table below.

PRODUCT NUMBER	Prod Line	"CM" SKU DESC TXT	EOS	Order Original SKU # instead	Use Original SKU QUOTE DESC
