End-of-Sale announcement for the PD-9001G-AC midspan POE power injector

Confidentiality Level: Public

Aruba Networks is announcing end-of-sale for the following PowerDsine (Microsemi) Power over Ethernet (POE) midspan power injector:

Aruba Part Number	Description	Recommended Replacement
PD-9001G-AC	1 Port 802.3at PoE Midspan 10/100/1000 30W	PD-9001GR-AC

The recommended replacement product is 100% backwards compatible concerning electrical and interface specifications. There are some minor mechanical and “look & feel” differences with the product it is replacing, but these should not be relevant in the vast majority of deployments. For details, please check the product datasheets that are available on the Aruba Support Center (at <http://support.arubanetworks.com>)

We currently expect to be accepting final orders through May 31, 2013, however this final date will depend on the continued availability of stock and, at Aruba’s discretion, the actual end of sale date may be earlier. End of support for the products is May 31, 2018. We strongly encourage you to transition all backlog and new business to the recommended replacement models.

Definitions
