

Product Announcement

End-of-Sale of HPE Aruba Indoor Access Point POE Midspan

Aruba, a Hewlett Packard Enterprise company is announcing end-of-sale for the following products:

SKU	Product Description	Recommended Replacement	Comments
JW628A	PD-9501G-AC 1 port GbE 4-pair 60W Midspan POE Injector	N/A	Off-the-shelf product. None of the currently active HPE Aruba Access Points requires (or supports) more than 802.3at standard 30W power. This injector was introduced for the MSR4000 mesh routers (now EOS)

We currently expect to be accepting final orders through August 31, 2017, however this final date will depend on the continued availability of stock and, at HPE Aruba's discretion, the actual end of sale date may be earlier. We strongly encourage you to transition all backlog and new business to the recommended replacement products where possible.
